FOREWORD

With the arrival of this new year-1972-come the quadrennial Olympic Games. In these contests, the greatest amateur athletes in the world compete to bring glory to the nations they represent. The training they undergo, the pain they endure, and the time and effort they sacrifice all pay homage to the dedication of these young athletes.

The site of the Olympic Games changes every four years, but the spirit and dedication of these men and women remains the same. The spirit of the Olympic competition is signified by the Latin motto which is found on every Olympic Stadium: "Citius, Altius, Fortius"- "Higher, Faster, Stronger."

The courage of these athletes is tremendous, their abilities unquestionable; but their greatest attribute is the dedication they have to their goal. Although they are beaten, they are not defeated; perhaps in pain, but never without inner strength; often discouraged, but never without hope and confidence in the assurance of their final victory.

The late Vince Lombardi once said, "The greatest accomplishment is not in never failing, but in rising again after you fall."

We, as students, are comparable to these athletes, if we will only pay the price. Whether it be on the athletic field, or in the classroom, we have a responsibility to ourselves to never quit until we have become all we can be...to set our goals higher...and pursue them faster and stronger.

This year we, as a school system, celebrate the tenth anniversary of our existence. These have been ten years of advancement and progress. The proof of our ability to set higher goals is before us: our new Middle School, and the progression of our High School. But within the future lies the final answer to our strength. Will we have the dedication to achieve our goals...and set still higher ones?... Will our progress be truly, "Higher, Faster, Stronger"? We must expect to fail at times along the line, but we can rise above those failings? We can, and as we do, we shall emerge...
HIGHER...FASTER...STRONGER...

SITTING: L. Zellers, R. Patrick, J. Zug, R. Wise, M. Bennetch. STANDING: K. Good, J. Kauffman, H. Weiss, Rev. W. Miller, H. Bollinger.

On behalf of the Board of Education I wish to congratulate each member of the "Class of '72". Perhaps you have not seen much of the Board of Education during the past twelve years. Do not be misled into thinking that we have not been intimately involved and interested in your development. Although our responsibilities are often associated with the financial and physical aspects of school operation, the Board feels a deep personal and moral obligation to each of you. To see you complete this phase of your education successfully and move on with confidence to new horizons is a most rewarding involvement for us. Good luck, "Class of '72"!

Marlin E. Bennetch
Board President

Homecoming

Jackson, the newest of the elementary schools in the district, was built in 1958. It is a built track building composed of one story and nine classrooms, one all purpose room, and a cafeteria that functions independently of the high school kitchen. It is located west of Overstown on an eight acre tract of land situated away from traffic, and has a playground.

Prior to 1947, there were ten small schools serving the following individual areas: Hain, Jacksonville, Steiner, Overstown, Kutztown, Sharpley, Weaver, Overstown, Smaltz and West Overstown. These areas were combined and the list of schools in Jackson Township was reduced to six.

Then, in 1958, these schools were merged into the present Jackson Elementary School. Mrs. Clara S. Dapple was the building principal for the first three years. Mrs. Arlene Troutman, who presently holds the position, became principal when Mrs. Dapple assumed the responsibility of district elementary supervisor.

There are presently 250 pupils in the kindergarten classes and one class each in grades one through six. Eight teachers are in the building.

ADMINISTRATION AND FACULTY

Kenneth R. Good

KENNETH R. GOOD
Superintendent of Schools

**To Fly Higher
To Be Stronger
To Run Faster**

have been goals that man has aspired to since the beginning of his existence. Today human beings are indeed performing fetes in the physical realm that astound even our own imaginations. Reaching the moon, moving mountains and running a four-minute mile are no longer considered impossible dreams. They are accomplishments. These accomplishments in the physical realm were and are due to man's hard work in that area of endeavor.

The real challenge that faces us today is that even though we have made tremendous progress with our physical world, we have failed miserably to solve our social and cultural problems. So that the same progress we have realized in the physical world will be also evident in our relationship with our fellow man, we challenge each member of this class to apply a desire to move forward in these new realms. To the Class of 1972 this is the arena of greatest opportunity. Progress must be made in this arena if man is to continue to exist as an inhabitant of the earth.

May each of you do your best to fly higher, be stronger and run faster; not for yourself alone, but for all those who will live with you and around you.

Best wishes to you for a bright and happy future.

Sincerely,

Kenneth R. Good

The first school in Heidelberg Township, then a part of Lancaster County, was a parochial school established by the early German settlers serving both the Lutheran and Reformed congregations. The school was erected some time during the early part of the 18th Century.

These schools continued until the adoption of the common school system by the state in 1843, when three ungraded schools were built in Schaefferstown.

By 1872, there were 14 schools in the township with an enrollment of 623 pupils taught by 11 male and 3 female teachers. The monthly salary was \$30.55 for men and \$28 for women. The school term was 5 months.

A new four-room building was built in 1883. A two-room addition to this building was made in 1904. It was at this time that the township high school was begun. The first class to graduate from the two-year high school in 1905 had four members.

In 1911 it became a three-year high school. There were two two-room buildings in the township, one at Heidelbergville, the other at Reistville and eight one-room schools.

When the Department of Public Instruction urged the consolidation of schools, these were gradually closed.

In 1931, Heidelberg Township became a four-year high school. A new building erected in 1930 was used both as an elementary and high school until 1962 when Heidelberg Township High School became part of the Elco School System. The building is now used as an elementary building. Miss Jeanette Wike is the head teacher.

These are just a few of the characteristics of our fine, outstanding soccer team. The reputation of the ELCO Booters was again a reality in '72. The way the team always worked together to bring fame to ELCO will never be forgotten. The tremendous record of our great team brings to mind the word CHAMPION and our boys will always be the BEST that can be found.

Chug-a-lug

'72 Superstar

In every sport there stands out one individual whose leadership and outstanding athletic ability characterizes the team. He is dedicated and is respected by his fellow teammates, the opposing teams and the fans. This player characterizes these qualities. In four years he scored 59 goals which included 46 league scores. He was named the Berks County All Star for two consecutive years. He went to Europe where he earned the title of lead scorer in the summer of 1971, and the 1971 Most Valuable Player of the Berks County Soccer League. In achieving these well-deserved honors he has brought fame to the sports program here at ELCO. Truly, he deserves the title "72 SUPERSTAR" --Phil Angstadt

ACTIVITIES

NEWMANSTOWN ELEMENTARY SCHOOL

The Newmanstown Elementary School consists of ten regular classrooms and includes grades kindergarten through sixth, and special education. Also contained in the building are an audio-visual and library room, and a combination auditorium-cafeteria, which seats four hundred people.

Composed of two stories and a basement, the building was constructed in two parts. In 1896 the original brick structure was built. A masonry and stucco addition was built in 1923. The building site, consisting of eight acres, also includes a playground and tennis courts. Beginning next school year, this building, along with the Richland and Millbach buildings, will be incorporated into the new Fort Zeller Elementary School.

Cast

Marion Bradford - Barbara Courtney
 Meg Bradford - Barbara Bliss
 Tommy Grant - Terry Shepler
 Rebecca Starr - Debbie Rothermel
 Howard Wexler - Kevin Hepler
 Carla Ferguson - Cindy Levengood
 Honey Houston - Karen Greeninger
 Steffan Barcola - Dennis Johnson
 Jeff Donovan - Wayne Zehr
 Laura Williams - Debbie Garrett

PRODUCTION STAFF

Mr. Ronald Paine - Director
 Mr. Robert Arbogast - Staging
 Mr. John English - Technical
 Miss Darlene Miller - Make-up
 Mr. Conrad Stumpf -
 Business Manager

The adventures of the Bradford household were almost as hilarious on stage as they were behind the scenes. From Meg's persistent efforts at weight reduction to Mr. Wexler's unexpected advances the audience was kept in hysterics and the cast in sus-

pense. The two laughter filled nights also contained many unrehearsed lines and a lot of prompting. In spite of the forgotten lines and all the fun the play turned out to be a "terrific accident."

RICHLAND ELEMENTARY SCHOOL

The brick and masonry Richland Elementary School was constructed in three sections. The original structure dates to 1873, with additions in 1913 and 1945. It consists of seven regular classrooms, one audio-visual room, and a combination cafeteria and purpose room. A new garden and ramps on the east side are located in the building.

One acre of land and a garden are situated on the east side of the school. The new Fort Ziehl Elementary School was located on the east side, near the M. J. Bach buildings.

Middle School

The 1971-72 school year has been an exciting, busy and memorable time for the Middle School. It has been exciting because we have been able at last to see our new building grow and develop on the hill to the south. It has been busy because of all the work and planning going on so that we will be ready to move into our new building. It is a memorable year because **this is the last year we will share a building with the high school.**

We sincerely hope that in the years to come all Elco students will be able to look back on their years in the Middle School with pride and satisfaction in the education offered to them.

SENIORS

It gives me great pleasure to express my congratulations to the yearbook staff, the **Class of 1972**, and the student body at Elco High School.

A school yearbook should reflect the exciting and outstanding events which have occurred during the school year. I am certain that you will agree with me in that the staff of the 1972 S. MA has accomplished a sterling task in preserving material **memoirs of the 1971-1972 school year.**

I would also like to extend my sincerest best wishes for continued success and happiness to the members of the class of 1972. May you fulfill your life's goals and ambitions and improve the economic, political, and social environments of all peoples.

Yours truly,

Carlton J. Tucker
High School Principal

SANDRA

Again this year it was ELCO's privilege to be host to a foreign exchange student. Our guest was Sandra Maria Nova De Silva, whose home is Salvador, Bahia, Brazil, South America. While attending ELCO, she was the guest of Mr. and Mrs. D.K. Binner and daughter Barbara, a member of the junior class, of Schaefferstown. The majority of Sandra's subjects were junior classes--biology, chemistry, trigonometry, and creative writing. She also was a member of a senior physics class. These subjects were of great help to Sandra, as she plans to return to Brazil to finish her education and receive her degree in engineering. It has been our opportunity to introduce her to the culture and customs of our country, and we hope that her stay with us has promoted good will between our different peoples. Sandra's hobbies include the sports tennis, volleyball, and swimming, playing the guitar, listening to records, and dancing. We wish her good luck as she returns to her home to pursue her life goals.

in memory...

LIFE

Life can be a funny thing--

Never quite sure what tomorrow will bring.

Some days are groovy and make us feel high,

But then shot down, we wish to die.

Sometimes life can be a terrible thing

Till you meet someone special and bells start to ring

But it seems as fast as they come they're gone

And then! There it goes -- you were high but shot down.

Randy Siegfried

A D V E R T I S I N G

The first schools in the Myerstown area were related to the churches and served to raise the level of knowledge of local children to grasp a small part of the three R's: reading, writing, and arithmetic. One example of these is the German school, established on Main and Cowdell Streets with funds provided by Isaac Myers, town founder. All white children from a five-mile radius whose parents could afford the fifty cents per month tuition could attend. This school suffered the only known Indian raid in the area during the French and Indian War.

The first school to teach in the English language was founded further west on Main Street in 1811. Children within a radius of three miles attended another school which was established to teach in English in 1820 at Main and Cherry Streets. The original log building was burned down by a fanatic school teacher and replaced by a brick octagonal building.

When the Public School Law of 1834 was passed, its provisions for greater local control were basically ignored in our area. It was not until 1894 that the first school tax was passed, and the first community-controlled schools were actually built: brick and limestone buildings, some of which are still standing today.

The idea of consolidation of community schools finally took hold in the 1890's with the building of the Mill School in 1895 and the Railroad and Park Street building in 1896. The high school moved from the Mill School in 1915 to the large limestone building on Railroad and Carpenter Streets. The Railroad Street building was sold and the elementary grades attended classes at the Mill School. An addition was added to the Railroad Street school in the 1930's to accommodate several elementary classes.

The Railroad and Park Street building was bought by Albright College and now serves as an infirmary for the Evangelical Congregational Church.

Today the Mill School has been transformed into a community library. The Railroad Street building in the Myerstown Elementary School fills grades one through six. Mrs. Harvey Strater is serving as building head since 1960, following Miss Jane North who served from 1962 until 1965.

CLAUSER FUNERAL HOME

Schaumburg, Ill.

The class of 1972 has been described as one of the most ambitious, lively, and fun-loving classes ever at Elco. To try and capture the spirit of this class is one of the aims of the 1972 Sigma Staff. Into the 164 pages and the more than one thousand pictures of this year's issue, the staff has put the essence of the spirit and vibrant life at Elco in 1972. By so doing, the staff hopes that the student body will realize the value of such work.

An undertaking such as a school annual requires countless hours of hard work from the devoted members of the staff. We would especially like to thank Mr. Elmer, our advisor; Mrs. Hattie Lintman, our business manager, and Tom Jones and Loretta Herr, student photographers.

go on. The battles continue. All

the while, the people of the world are

struggling to survive. The world is

in a state of chaos. The world is

in a state of war. The world is

in a state of destruction. The world is

in a state of despair. The world is

in a state of hope. The world is

in a state of love. The world is

HIGHER, FASTER, STRONGER
